

The NRL Newsletter

What have we done since the last newsletter?

- Launched project website
- Started Draft Terms of Reference
- Started field data collection
- Second newsletter
- Posted notice of open houses

Upcoming & Ongoing Activities!

Field surveys including: biological surveys (birds, fish, wildlife, vegetation); surface water/ground water sampling; terrain analysis; and geotechnical drilling

Background review and data collection for Indigenous Knowledge, biology, terrain, air, noise, climate, surface water, ground water, socio cultural studies, visual and health.

Open Houses!

2ND Edition
September 2021

Did you know?

The **Terms of Reference (ToR)** document is the **WORK PLAN** for the Provincial environmental assessment. It will be prepared in consultation with Indigenous Communities and stakeholders and once drafted, will be made available for public review. ***The ToR describes what is going to be done to predict impacts on the environment (natural, cultural, social, economic) and identify mitigation measures for the Project.***

Online Presence & Engagement

- Project website to share project information including Frequently Asked Questions, Project Notices, and other updates
- Radio call-in shows
- Livestream sessions
- Electronic Project Newsletter posted online and shared via email
- See the Notice for the Open Houses!

Project Schedule

ToR Notice of Commencement

April 2021

Draft ToR Submission

Fall 2021

Final ToR Submission

Spring / Summer 2022

Career Spotlight Community Consultation Coordinator

Community Consultation Coordinators work as the face of the project within their communities. Community Consultation Coordinators work with the project consultants and the community, they provide information, answer project questions, solicit feedback, and share information. They raise awareness for the NRL project, including engagement opportunities, and deliver project updates.

Interested in becoming one? Have a passion for the role and want to become a Community Consultation Coordinator? Contact us!

Feature Activity Open Houses

Open Houses are scheduled online and in person in Thunder Bay on September 14 and 15, 2021.

The Open Houses will provide interested parties an opportunity to learn about the Project and the environmental assessment, and review elements of the Draft ToR. Information gathered at the Open Houses will be used to help inform the Draft ToR and guide the assessment process.
